## JAPAN TO USE PANAMA CANAL

Will Send Ships Through to the  
Gulf Ports and Load  
Cotton Cargoes

NEW ORLEANS—Japanese ships  
will come through the Panama canal  
to Gulf ports and take on the cotton  
and other merchandise which origi-  
nates in the Mississippi valley and  
which is destined to the Orient, ac-  
cording to G. Kawai representing the  
Tokyo Soko Kaisha (Tokyo Ware-  
house Company, Limited), who ar-  
rived in New Orleans recently and is  
registered at the Hotel Grunewald. Mr.  
Kawai is here to inspect the shipping  
facilities of New Orleans, coming as  
the agent of his house, which is the  
largest warehouse concern in the  
East.

"We only want to see what has been  
accomplished at the various ports of  
the United States in the way of han-  
dling shipping," he said. "We handle  
a great deal of merchandise from this  
country, and in view of the fact that  
my company is building extensive ter-  
minal facilities at Kobe, we are in-  
terested in what America has ac-  
complished."  
According to Mr. Kawai, Japan is  
getting more of her cotton from Texas  
and it is moving through the port of  
Galveston. "I do not know what at-  
tachment Japanese steamship com-  
panies will make to handle the busi-  
ness, but I feel satisfied that our ships  
will enter either the port of New Or-  
leans or Galveston. It will be some  
time before the Panama canal is com-  
pleted, and plans may be changed ma-  
terially before it is ready for traffic,  
but it is evident from the amount of  
business between Japan and the United  
States that our steamers will have  
to ply between the Atlantic and Gulf  
ports and Japan."

Mr. Kawai's company is capitalized  
at 2,000,000 yen, full paid up. It con-  
trols the warehouse business of the  
port of Kobe, its storage plant cover-  
ing an area of 33 acres.

## ELECTRIC MAIL TUBE SYSTEM FAVORED BY FRENCH AUTHORITIES

PARIS, France, August 25.—The  
overcrowded state of the public  
streets and the general congestion of  
the traffic, which is considerably ag-  
gravated by the perpetual condition of  
heaviness of the roads during the past  
few years, has forced upon the postal  
authorities the necessity for consider-  
ing some better means of transporting  
the mail than by the motor vehicles  
used at present.

The engineers of the postal depart-  
ment are now engaged in studying the  
question and are preparing plans for a  
system of underground electric rail-  
ways for the special purpose of the  
conveyance of postal matter in Paris.  
The basis of the scheme is in the  
main on the lines of that already  
adopted for the London underground  
postal railway. It provides for the con-  
struction of tubes of some 2 meters  
25 centimeters in diameter which will  
permit of the installation of a double  
line of rails. It is thought that the  
scheme will also include the proposal  
adopted in London to use carriages  
which will not need personal conductors but  
which will work automatically be-  
tween each station.

The French authorities will, how-  
ever, it is believed with before com-  
mencing construction, to see in actual  
operation the test line that is shortly  
to be constructed in London of some  
10 kilometers in length and which will  
have the capacity for handling 20,000  
sacks of correspondence per hour at  
the exceedingly modest outlay of a  
sum not exceeding £1,300,000.

Memorial services, national in scope,  
in tribute to the memory of General  
William Booth will be held Sunday af-  
ternoon, Sept. 15.

The Daily Graphic suggests that the  
decision of France to concentrate her  
fleet in the Mediterranean, taken to-  
gether with Great Britain's virtual de-  
sertion of the Mediterranean in favor  
of the North Sea, is the corollary of  
the recent Russo-French naval agree-  
ment and indicates a practical under-  
standing for a naval triple alliance be-  
tween Great Britain, France and Rus-  
sia.

## HEADACHY, BILIOUS, UPSET? "CASCARETS"

Bilious, throbbing headache means  
bowels are clogged and liver stag-  
nant—you need Cascarets.

You're bilious, you have a throbb-  
ing sensation in your head, a bad  
taste in your mouth, your eyes burn,  
your skin is yellow, with dark rings  
under your eyes, your lips are  
parched. No wonder you feel ugly,  
mean and ill-tempered. Your system  
is full of bile not properly passed off,  
and what you need is a cleansing up-  
inside. Don't continue being a bilious  
nuisance to yourself and those who  
love you, and don't resort to harsh  
physics that irritate and injure. Re-  
member that most disorders of the  
stomach, liver and intestines can be  
quickly cured by morning with gen-  
tle, thorough Cascarets—they work  
while you sleep. A 10-cent box from  
your druggist will keep your liver and  
bowels clean; stomach sweet and your  
head clear for months. Children love  
to take Cascarets, because they taste  
good and never gripe or sicken.

REGULATIONS GOVERNING THE  
DISCHARGE OF NITRATE OF  
SODA, SULPHUR AND OTHER  
SIMILAR MATERIALS UPON THE  
WHAVERIES OF THE TERRITORY  
OF HAWAII, AS AMENDED AU-  
GUST 23, 1912.

21. No nitrate of soda, sulphur, or  
other similar materials shall be stor-  
ed, awaiting transportation, upon any  
wharf within the Territory of Hawaii,  
unless the same be packed in sound  
and non-leaky containers. All nitrate  
of soda, sulphur or other similar ma-  
terials so stored shall, at the expense  
of the consignee, be under the con-  
tinuous care of a competent watchman  
until removed.

Masters, owners and consignees of  
nitrate of soda, cargoes, sulphur or  
other similar materials must keep the  
wharf at all times swept clean and  
free of any loose nitrate of soda, sul-  
phur or other similar materials during  
the entire process of unloading and  
removing the cargo. No loose nitrate  
of soda, sulphur or other similar ma-  
terials will be permitted to be landed.  
In all cases nitrate of soda, sulphur  
or other similar materials must be  
landed from ships in sound containers.

During the process of discharging  
or removing said cargoes, it shall be  
obligatory on the part of the ship or  
agents of said vessel, to provide water  
containers of not less than fifty (50)  
gallons each at intervals of not less  
than fifty (50) feet apart with avail-  
able buckets placed alongside each  
container; said containers to be filled  
with a solution of water and nitrate  
of soda to be used in the case of fire.  
Any person or persons who shall  
violate the above Regulation shall be  
guilty of a misdemeanor and shall be
